

AKZENTA 

Making good things better.

PURE COLLECTION

LET'S GO GREEN TOGETHER.

SAY HELLO TO OUR **PURE COLLECTION**.

Where sustainability is not just a buzzword, but a way of life.

Our company truly cares about the community and environment, and this is reflected in everything we do.

We are **ISO 14001 & ISO 13485** certified, to take full responsibility.

Our passion for innovation has led us to create a range of products that make a positive impact on the world.

NATURAL COTTON ROLLS

A small step towards a sustainable future with a **zero-waste** lifestyle.

We removed all plastic elements from the packaging of our cotton roll. Not only the external box is made of cardboard, but also the inner bundles are kept together with ecological paper stripes.

Our brand-new cotton rolls have a **firm** quality, which feels **stable** and soft on the skin.

BIODEGRADABLE GLOVES

Creating sustainability is firmly rooted in the heart of Akzenta: **it is an integral part of our business.**

Holding to our vision to be recognized as a community and environmentally conscious company, AKZENTA constantly innovates with a passion to bring a positive change to every process.

Our **biodegradable nitrile** gloves contain an organic additive which makes them a desirable food source to microbes in landfills, without compromising their quality. 90% of the glove will be naturally solved leaving behind only biogas, water and inert soil.

NATURAL CUPS

A small step towards a sustainable future with a zero-waste lifestyle. Not only the product, but also the packaging is fully **eco-friendly**.

Our innovative paper cups are completely **plastic-free**: the coating is realised through a special process that uses a water-based **film**.

Therefore, **the whole cup is fully compostable**.

Attention: It is recommended to use this product only with water. Adding chemicals could damage the structure of the product.

Akzenta won't be held responsible for any damages resulting from an improper use of the product.
